

**MID & WEST WALES FIRE & RESCUE SERVICE
CEREDIGION COMMAND BUSINESS PLAN 2008 - 2009**

Command Description

The Command follows the county boundary of Ceredigion. A predominantly rural county with a population of 71,800 of which 10,000 are a migrating student population. The county covers an area of 179,000 hectares (1,795km²). The majority of the county's population is located along the coastal belt, with the county becoming progressively more sparsely populated further east.

The settlement pattern of key towns and dispersed rural villages reflects the traditional importance attached to agriculture. The Command has two major centres of population at Aberystwyth to the North and Cardigan to the South, the University town of Lampeter being the third largest population base as you travel inland.

Resources

As specified in the current organisational chart which defines the County Command resources as 6 uniformed officers, 1 administration assistant, 1 data input clerk , 1 p/t clerk/typist, 1 centrally located lead administration officer, 1 wholetime/retained fire station, 5 retained RDS fire stations, 1 volunteer unit and a community safety team consisting of 2 Watch Managers and 1 Community Safety assistant. Equipment resources include 8 Rescue Pumps, 1 Aerial Ladder Appliance, 2 Landrover four wheel drive pumping appliances, L4P, 1 four wheel drive Landrover, 1 inland waterways Rescue Boat and 4 co-responder vehicles of which 1 is also an L4P pumping appliance identified previously in this section.
