Mid and West Wales
Fire and Rescue Service

JOB APPLICATION PACK

Introduction

Dear Applicant,

Thank you for your interest in joining Mid and West Wales Fire and Rescue Service.

My vision for our Service is to deliver the best possible service for the communities of Mid and West Wales. Whilst we have a proud track record of achievement, we know that there is always room for improvement.

When people think of a career in the Fire and Rescue Service, they tend to think of Firefighters responding to emergency incidents, but it's not just Firefighters who make mid and west Wales a safer place.

Behind the operational scene, the Service has a large range of other posts within different departments which are either office based or in our workshops, and we employ people in professional, technical, and administrative roles.

Without corporate support functions in place to provide the systems, processes and technology, the Service would not be able to deliver the best possible service to our communities.

If you're looking for a career with variety, a challenge, and opportunities for progression, along with all the benefits you'd expect from a key public service organisation, then why not consider joining us in one of our specialist or administrative support functions.

Thank you and good luck

Iwan Cray
Deputy Chief Fire Officer

About the Service

The Service was created in 1996 by the Local Government (Wales) Act 1994, following the merger of Dyfed, Powys and West Glamorgan Fire Brigades. Mid and West Wales Fire and Rescue Service covers the following County Council areas:

Cyngor Castell-nedd Port Talbot
Neath Port Talbot Council

Cyngor Sir Gâr
Carmarthenshire
County Council

The Service makes up almost two-thirds of Wales, covering a predominantly rural area of 11,700 km² (4,500 square miles), with 650km of coastline. With its Headquarters in Carmarthen, the Service employs 1300 staff, with a little over a 1100 of those based in one of 58 stations spread across three Divisions. The Service has the third highest population sparsity in England and Wales and there are 900,000 people that live within our Service area. This number increases to over 2 million as a result of tourism through the summer months.

It is the third geographically largest Fire and Rescue Service in the United Kingdom, behind the Scottish and Northern Ireland Fire and Rescue Services. This in itself presents a range of different challenges.

There are a variety of risks found within the Service area, ranging from the petrochemical industries in Milford Haven, to the risks associated with heavily populated areas such as Swansea and Neath Port Talbot. There is also a large farming community and many other light industries throughout the area.

These, together with an extensive coastline and inland waterways, form some of the specialised risks found within the Service.

Benefits

Working for the Service opens the door to a whole portfolio of benefits which can enhance your lifestyle both now and into the future.

A Working Environment Shaped by our Values

Committed to Equality and Diversity -

Equality, diversity and inclusion is at the heart of what we do as a Service and are values which sit at the core of our organisational processes, practices and culture.

As a service, we are committed to identifying, understanding, and eliminating all barriers that prevent access to services, information, and employment.

The Service currently has a small number of internal employee networks / forums in place, which play an active role in:

- Championing issues for employees;
- Contributing to the organisation's diversity and inclusion agenda;
- Advising on policy development;
- Improving the work environment for employees

Committed to reducing our Environmental Impact

We recognise that our operations have an effect on the global and local environment and are committed to minimising adverse environmental impacts within financial, operational and resource constraints.

In our race to Net Zero Carbon Status by 2030, the Service has set itself targets that align with the Welsh Government route map for decarbonisation across the Welsh public sector.

The Service has achieved Level 5 Green Dragon Environmental Standard accreditation for the 8th year in a row.

How to Apply

Closing Date: 27 November 2025 at 16:30pm

The information provided on the application form is key information that will be used in the short listing process. It is therefore important that the guidance notes below are followed when completing the application form. This will ensure all the relevant information is available to make a decision on whether you will be short listed for interview. Short listing will involve assessment of the details provided on the application form against the criteria outlined in the Person Specification provided.

Applications will be accepted in other formats where an applicant has difficulty completing the standard form as a result of disability.

What happens after you've sent in your application?

Once we've received your application, we will separate the equal opportunities monitoring form which will not form part of the selection process and will send the application form only to the shortlisting department. We will send an acknowledgement of receipt to all applicants.

Your application will then be assessed against the criteria (in a person specification) and the shortlisting panel will decide whether it can be shortlisted.

If you are not shortlisted for interview, you will be advised in writing, usually within six weeks of the closing date. If you have not heard from us by then, please contact us.

If you are shortlisted for interview, you will receive an email from us usually within 2-3 weeks of the closing date, advising the date, time and location of the interview. The email will also include details of assessment testing which is to be carried out and will continue the documentation which you are required to bring with you, if applicable to the role.
